

NEMA 1 SCREW COVER BOXES

These boxes are used as junction or pull boxes and are suitable for surface mounting with the standard screw cover or for flush mounting with the standard screw cover or for surface mounting using either of the two optional covers. Boxes and covers are made from standard code gauge steel. Four internal mounting holes are provided. All four sides have standard concentric knockout pattern as shown below. These boxes are also available without knockouts. Boxes and covers are finished with heat fused polyester powder, electrostatically applied on the phosphatised base or just galvanised finish.

Options

- Special knockout or knockout arrangement
- Special finishes
- Custom size or construction
- Customized packing solution available
